

IEC ADVISORY
INNOVATIVE | EXPERIENCED | COMMITTED

Accountant Profile

Meghan Day

Accountant Profile

Meg began her career in the accounting industry in 2010 as receptionist, and over the years became interested in growing her career in accounting and started her studies to enhance her knowledge through Charles Sturt University. Meg is now currently studying her bachelor of business majoring in Accounting. Meg has experience with supporting businesses with their tax obligations, reporting requirements and record keeping.

Meg assists the IEC Advisory team in the administration and accounting areas and is devoted to providing the best service possible in all parts of her position.

When not at work, Meg enjoys spending time with her family and son.
