Accountant Profile

Sally Nakad

Accountant Profile

Sally has more than 20 years professional accountancy experience, specialising in accounting, taxation and cloud-based accounting. Sally commenced her career in 1999, after graduating from Charles Sturt University. Sally has worked Tom and the team in a senior management role in business services.

Sally is consistently recognised for her focus on obtaining great outcomes for clients', as well as her contribution to the development of the firm at a local level. Sally works with a wide range of clients and across several different industries. Much of Sally's time is spent working with clients in small business, and those who operate in the primary production sector. Sally's main areas of focus are providing advice around financial management, accounting and taxation matters. She takes the time to carefully explain any technical aspects of advice, helping clients to understand the practical impact on their own business.

In addition to working closely with her clients, Sally is a mentor for her colleagues within our business advisory team. She is a foundation member of the IEC advisory team.

Outside of working with clients Sally enjoys her social and family time. Sally is married with one son, Huntah, who recently commenced his welding apprenticeship.

Specialisation

Sally's extensive experience has enabled her to develop specialist knowledge in the following areas:

- Taxation advice
- Budgeting and cash flow planning
- Financial management
- Financial reporting
- Business operating structures
- Outsourced and contract financial management solutions
- Financial reporting solutions for large private family enterprises, and corporate agriculture entities.
